Dear Parent / Carer

Year 3- Accelerated Reader

Now that your child has entered Year 3, they will be using 'Accelerated Reader' each day as part of the reading offer that we provide. This is a programme that helps us to level the books in our library and to monitor the reading ability of our children across the key stage, ensuring progress across the age range.

So far, the children will have completed a STAR assessment in school. This online test will determine their reading range and will help them to choose texts that are suitable for their reading ability from our new library. Your child will then need to read this book both at school and at home to ensure that they are fully understanding the story. **It is imperative that your child reads at home at least 4 times a week**

Once your child has finished their book, they will be able to take a short quiz in school on the text that they have just read. This will be important as it will prove how well they have understood the book and whether or not they need more support, or need to be moved on. Each quiz that they take will also earn them points which will go towards their own personal target.

If you have any questions, please come and see me and I will be more than happy to help.

Thank you for your continued support,

Mr A Powell
Deputy Headteacher
