

Writing skills lesson structure

See

Find examples of grammar skill within the model text.

Look for differences between examples found.

Teach

Teach the skill.

What is it?

What techniques can we use to write the skill?

Model

Model examples of the skill both stand-alone and within a short paragraph.

Discuss/Collaborate

Work in groups to create their own examples.

Differentiate through support- chances for guided group with adult.

Independent

Application of skill within a paragraph (if only a small amount of writing, sentences should still flow). Encourage cohesion.

More able children should apply previously taught skills within this paragraph.

Editing Ender

Small challenge where children have to edit a given sentence- could be related to the skill or related to previously taught skills.

Writing skills lesson structure

Editing Ender

the roman soldier who was frightening to look at,
terrified the locals.

Editing task linked to
taught skill with other
focus areas included.
